AUDIENCE

MANAGERS AND INDIVIDUAL CONTRIBUTORS
You'll learn techniques for crafting goals that can dramatically change your experience at work immediately...all without quitting or sounding unappreciative of the current role.

60 MINUTE VIRTUAL TRAINING

WHAT'S IT ABOUT?

This session explores the concept that you can "own your career" through your goals. Consider your current job description. Are you doing exactly what was written on that description the day you got hired?

In our events, over 90% of participants say that they are doing different things. There's proof positive: roles change over time. So why not create momentum and shift toward a more desirable direction?

WRITING GOALS DOES NOT HAVE TO BE BORING!

Can you give us something beyond S.M.A.R.T. goals? Yes! We have a treat for you if you're ready to write goals that feel energizing.

YOU'LL EXPLORE:

Each person's career path is personal. Gone are the days of a few, linear paths to career success. Those were too limiting anyway.

You'll explore small steps that don't require promotions or permissions. These seem simple on the surface, yet they can profoundly change the tasks you do in a given day:

- Ask
- Partner
- Stop
- Switch
